

August Meeting Updates

- ▶ Continue to assist residents with ongoing tax issues, worked with one resident to ensure her refund for over payment of taxes was taken care of - since she had no return calls from the tax collector. This is on the agenda for approval this evening.
- ▶ This month I have had 28 complaints regarding tax issues. I continue to work through these issues daily. In addition, 2024 delinquent taxes have still not been turned over to Jordan yet. I have performed some research on Tax Collector law in Pa and we can start fining our tax collector for delinquent reports which is a possibility. For informational purposes, the last report we received was back in February of this year. I'm hoping our solicitor can figure out a possible solution to these issues.
- ▶ Coordinated a site visit with ACED and the Township concerning property along the beltway.
- ▶ Worked with DCED on additional information for the multi-modal grant submitted last month. Were going to be submitting a new resolution with an updated grant amount on the agenda this evening.
- ▶ Met with Commissioner Postufka and others concerning additional economic development opportunities in South Fayette.
- ▶ Sent out statements for various escrow accounts and following up outstanding balances.
- ▶ Following up with WM on misses on regular trash and bulk items.
- ▶ Worked with West Penn power to finalize the plans for getting power to Fairview and an invoice for approval will be on the agenda this evening.
- ▶ Working through GEDTF grant application for the Pinch Bridge Rehabilitation. A resolution is on the agenda this evening for approval.
- ▶ Assisted a resident with an assessment issue concerning some problems he had with the county assessment office.
