Subject: Water Availability  
Hasting Development  
Mayview Rd – South Fayette Township – Allegheny County

This letter is to advise that Pennsylvania American Water, Pittsburgh District, has an 12” water line along Mayview Rd. that is available to provide water service to the above referenced project. Water service would be provided under our Rules and Regulations as approved by the Pennsylvania Public Utility Commission.

A meeting at the site is required to verify and discuss the water service line location and meter placement. In addition, tap and meter information can be discussed. The Field Supervisor handling this particular area is Gary Eiter. He can be reached at 412-854-7619.

A water service application will need to be filled out and returned. You may contact the New Service Department for the necessary paperwork at 800-565-7692.

Sincerely Yours,

Matthew Macek  
Superintendent – Field Operations
