What type of board or commission interests you, and why?

Library - I am an avid patron of both the South Fayette and Bridgeville libraries. Our entire family utilizes the library for a multitude of purposes, including many of the adult and children's programs. We find ourselves there many days of the week. It is special to all of us, and I'd like to play a more active role in maintaining it and making it even better.

What do you feel are the most pressing issues facing the township?

Our community has seen massive growth, which I'm sure will continue for many years to come. We have an excellent school district and we need to ensure that our community programs, amenities and other offerings keep up with the growth of our community and district; this includes our library and other community facilities.

Please list any questions you may want answered by the township staff or Board of Commissioners.

I have no conflicts that would prevent me from an official appointment. I also acknowledge that if I type my signature below, it has the same force and effect as my handwritten signature.
