Re: Water Availability
TOA Kosky – 700 Millers Run Road, Cuddy, PA 15031
South Fayette Township, Allegheny County

This letter is to advise that Pennsylvania American Water, Pittsburgh district, has a 12-inch water line on Miller Run Road available to provide service to the above referenced land.

Water service would be provided under our Rules and Regulations as approved by the Pennsylvania Public Utility Commission.

If additional demand and pressure requirements are expected, further review may be required. A meeting at the site is required to verify water line location, and meter vault placements. At this time, tap and meter information will be discussed. The Field Supervisor for this area is Nicholas Cavill. He can be reached at 412-566-3948 and/or Nicholas.Cavill@amwater.com.

If you have any questions or require any additional information, please contact me.

Sincerely,

James Jericho III
Sr. Superintendent Field Operations
Pennsylvania American Water
